Vision Mission Statement of San Beda University

San Beda University, a Catholic educational institution, is committed to the Christian formation of the Bedan community as its service to the Church, the Philippine society, and the world.

VISION

San Beda University envisions a Community that is
fully human
wholly Christian
truly Filipino, and
globally competitive

MISSION

San Beda University aims to form its members in
faith (fides),
knowledge (scientia), and
virtue (virtus),
and inculcate in them the Benedictine core values of
prayer and work (ora et labora) that includes study,
community, and pursuit of peace.

SAN BEDA COLLEGE NOW A UNIVERSITY

Ms. Claire Dianne A. Lagac

San Beda College, through the dedicated, collaborative and visionary leadership of Rev. Fr. Aloysius A. Maranan, OSB, was finally granted a university status by the Commission on Higher Education (CHED) last February 6, 2018 under CHED Memorandum Order No. 46, Series of 2012.

The said memorandum requires an institution to prove its excellence in the areas of instruction, research and extension before naming it a University, which San Beda was able to comply with despite the long and tedious process it underwent.

To celebrate the momentous event, San Beda University Rizal Campus gathered at the IBED Gymnasium for a thanksgiving mass presided by Fr. Paul Ma. De Vera, OSB, which was followed by a celebratory program hosted by Ms. Samantha Chrychelle O. Remo and Mr. Daniel A. De Guzman, where the Bedan community recited the Vision-Mission Statement for the first time as a University.

As per CHED's statement, the university status entails bigger responsibilities and challenges for the institution in sustaining the high standard of education such as the innovation of knowledge and skills through research and development, provision of highly-specialized educational experiences to train experts in various technical and disciplinal areas, and production of experts, knowledge, technological innovations that can be resources for long-term development processes in the globalized contexts.

However, through its Five-Year Smart Plan, San Beda University is prepared to accept the challenges the university status offers using different strategies such as the improvement of faculty excellence by boosting the research office, benchmarking the current organizational structure against that of the top four Philippine Universities, boosting partnership with 24 local, regional, and international academic institutions, and the like.

In the celebration held at the Mendiola Campus, Fr. Aloy, recognized these challenges and reminded the Bedan community as to what becoming a university truly means. He said in his inspirational address, "Being a university is calling, a mission and a responsibility."

The Bedan community is truly thankful for having a monk whose passionate dedication, excellent service and ceaseless faith in God is worth emulating. He serves as an inspiration to all to strive harder and reach for the institution's highest goals. *ORA ET LABORA*. It is just but right to give honor to

our First University Rector-President, **VERY REVEREND FATHER ALOYSIUS A. MARANAN** of the Order of Saint Benedict.

Truly, the granting of the university status to San Beda is a historic event for the Bedan community. This time, the main responsibility lies on how the institution will be able to live up to the name entitled to it. But, through the help of all its stakeholders, San Beda is sure to achieve many more milestones in the future, inspired by the well-deserved university status, for the institution, our country, and God.

Very Rev. Fr. Aloysius Ma. A. Maranan, OSB
The First University Rector President of San Beda

Message from the *Vice Rector & Chaplain*

Our warmest and heartfelt congratulations to all the completers of the Academic Year 2017-2018.

Your success is the fruit of very good study habits, good time management and hard work. You went through many obstacles and hardships but with faith in God and belief in yourselves, victory is finally yours. As someone said, “No pain, no glory.”

Now that you are looking forward to moving on to the next stage of your academic life, build on your good and positive attitudes that led you to where you are now. Avoid the mistakes of the past. Stay the course; stay focused.

You are very lucky. You will be the first completers that will bear on your diploma or certificate of completion the name, “SAN BEDA UNIVERSITY.”

Uphold the tradition of excellence for San Beda, our country and God.

Fr. Paul Ma. M. De Vera, OSB
Fr. Paul Ma. M. De Vera, OSB
Vice-Rector / Chaplain

Message from the *Office of the Principal*

My Dear Batch 2018 Completers,

CONGRATULATIONS for attaining your Junior High School education!

Through the years, you have been slowly but surely molded to think more creatively, to work more diligently, and to behave more responsibly. Be grateful and joyful, for at this stage of your life, your hearts and minds have grown in knowledge and in virtue. Now, you become more expectant and challenged to grow in faith, believing that life itself has much to offer you to be courageous and proud as young Bedans.

Imbued with the Bedan core values of prayer and work (*ora et labora*), you move on to another stage of academic life, the Senior High School. Focus in practicing consistently and perseveringly on these values that San Beda has taught you. These values are the guiding lights in following your purpose in life and how to make it fruitful.

God continuously pours out His gifts and blessings to San Beda College, making it now San Beda University according to His will and time. This inspires you more to appreciate God's innumerable graces and blessings in your lives. Share these blessings and gifts by serving others, making better relationships with other people, friends and family. This is "Servant Leadership and Governance", our theme for academic year 201-7-2018, put into concrete practice.

"Ut in Omnibus Glorificetur Deus"

Congratulations!

In St. Benedict

Teresita T. Battad
Principal

Message from the Office of the Vice Principal

“We do not need magic to change the world, we carry all the power we need inside ourselves already: we have the power to imagine better.”
- JK Rowling

We recognize and celebrate your achievements as you embark to another pace of life. As you bid goodbye to Junior High School, bring with you the power within which the Benedictine Education has embodied you.

You have recited, and reflected even, the Vision-Mission of San Beda University many times over. Bring it to life, uphold it like a true-blooded Bedan.

Thank you for being diligent in your studies and for serving the community well. Follow the path that God has designed for you. You can never go wrong. Pursue your dreams. Nothing is impossible for dreamers who have courage and faith.

Ora et Labora.

Congratulations, my dear Completers! Good luck to your new endeavour.

That in all things God may be glorified.

Remedios I. Pamo
Vice Principal/Prefect of Academic Affairs

Message from the Office of the *Prefect of Student Affairs*

Warmest congratulations to the first batch
of completers of San Beda University!

In its very name, completion signifies accomplishment over a certain task or mission. It may be just as simple as finishing your homework, or learning a new skill, or perhaps the reason for our celebration: your four years in Junior High School. Completion also suggests a conclusion—and with this conclusion, there is another beginning.

As you move on to greater heights, we hope that you carry with you the memories that you have made in the process of completion. Know that your struggles were not made for nothing. These many walls were built for you to break. Open your minds as you grow nearer to the realities of this world. Use your privilege, as good Bedan students, to influence your fellow youth in order to serve our country in your own little ways. And at the end of the day, live by faith.

We hope that we were able to impart with you valuable lessons not only in the classroom, but also in the grand scheme of things.

May God bless you!

In St. Bede,

Irwin II E. Edillor
Prefect of Student Affairs

Message from the Student Council President

To my fellow Grade 10 students,
classmates, and friends,

This 21st of March, year 2018, we are gathered to recognize our work and efforts throughout the year. We welcomed and embraced a new academic year way back in June. It all seems like yesterday and now, we end up realizing that the time for us to bond and socialize with each other is too brief. I am grateful to be part of everyone's journey this school year as your Student Council President. Likewise, I would also like to give each one of you my sincerest gratitude for without your help, I wouldn't be the person that I am now.

Truly, with these challenges that we have conquered, I can say that Bedans manifest one of St. Benedict's most important teaching, Ora et Labora. With prayer and work, we can now start a new chapter in our lives. Let us all keep our spirits ignited and may we all give the glory and praise that is worthy for Him. Lastly, let us all thank the Lord for being with us here today and not leaving our sides through the obstacles we have faced.

My fellow completers, today we will finally take off from the Junior High School life and will soon be entering the next level, Senior High School, to further enrich our skills, capabilities and knowledge about the various career paths we have chosen to pursue. We would be given another opportunity to broaden and extend our learning capacities for our future. I wish you all success and God's blessings!

Yours truly,

ST. BERNARD OF CLAIRVAUX PRE-BUSINESS

"Roses are red, violets are blue, this school year was extraordinary, and it's because of you!"

To my funny, carefree, spontaneous, risk taker, and most of all, thrill seeker 10-11, CONGRATULATIONS!

Congratulations because you finally made it. I have witnessed that the last 10 months were not easy for you to handle. Despite the different requirements and performance tasks that you needed to submit, late night reviews because of summative tests and sleepless nights because of your thesis defense, you were able to pull through. I hope that you learned from all of your downfalls but never allow it to hinder you from chasing your dreams. Thank you very much for all the memories we shared together. I am so blessed to be part of your short yet wonderful journey.

It will be a long way to go but always bear in mind that wherever life takes you, I will always be here to support and guide you. Continue to strive harder to be who you really want to be. Make a huge mark on whatever path you would take. Congratulations again, my dear 10-11 Pre-Business class! We wouldn't have made it without the cooperation of everyone. I love you, forever and always.

Ms. Angelica Aragonés
Adviser

MESSAGE FROM THE CLASS PRESIDENT & VICE PRESIDENT

Another year has gone by, and right now, we are at the point where each one of us will go on our own ways and wave each other “good bye.” We can all say that Grade 10 is one of the most memorable and challenging parts of our lives as a student of this school that molded us to who we are right now.

There were many times when we had to be lectured and disciplined by our teachers due to our behavior and the way we treat the people around us. However, the smiles on our faces and the happiness shown in our eyes will never grow dim. In the span of almost a year, a new family was formed by strangers coming from different paths. Many are confused and seemingly unsure of what could possibly happen on the next page of our lives, yet, here we are--still with our heads up, looking forward to what tomorrow may give us.

In the four corners of our classroom, a lot of memories were made—a classroom where every scolding, every hardship, every lesson was formed and at the same time, a special bond which time cannot change.

A year of being together with each one of you is by far a great honor. Even though we are not perfect and not always the smartest, we’ve come to admire each and every one in our class for we have proven that nothing is impossible if everyone will cooperate and work together to achieve our goals. Even though we weren’t able to possess the different banners in academics, nor receive numerous certificates and get the Cup of Excellence, we know by heart that this is not the only way each and everyone’s capabilities can be measured. We are firm believers that everyone of us still has a long journey ahead, especially our ideal athletes.

Thank you, mga Par!!! Our story doesn’t end here. Although some of us may transfer to a new school and maybe only a few will remain but no one will ever forget the special bond we were able to make. May you take along with you the endless lessons and pieces of advice that our dearest teachers bestowed on us. Congratulations to all of us for completing our Junior High School journey. Good bye and until we meet again!

With love,

**Kevin Paul
Tagulalap**
President
and
Alyssa Gamilla
Vice President

10-12

PRE MED

ST. STEPHEN HARDING

 MESSAGE FROM
MS. JOAN MILETTE LUNAR

ABSTRACT

The Pre-medicine class consists of 40 students with 15 females and 35 males. This letter aims to send a message to 10-12 St. Stephen Harding, The Pre- Medicine class Batch 2019. Originally, the class was divided into five groups based on how they see one another. The students were acclimated for one to two months to adapt to their new environment. However, the groups were still selective in choosing the students who will join them. A change in their attitudes were observed after the administration of the “retreat-ment” and other activities where they learned to seek and accept help from the other members of the class. They learned to use their weaknesses to be stronger and their strengths to grow more. As a result, there is a significant decrease in the height of the walls that stood between them. Thus, they will now be facing higher level of challenges, in two to four months. Wherever they go, it is strongly recommended that they always bring with them their greatest weapon, Ora et Labora, because we all know that with these two, they are going to be in the right place.

Congratulations 10-12!

Keywords: 10-12, Pre-med, Ora et Labora, Completers' Ceremony

MESSAGE FROM THE CLASS PRESIDENT & VICE PRESIDENT

The end of the school year is coming near. It is parting time once again but before we reach that end, let us reminisce our memories. It is truly a challenge to be part of the Pre-medicine class because not all are blessed to be chosen.

At the beginning, it was very clear that we are divided into different cliques because of our differences and the like; however, it did not end there. The run towards the finish line wasn't an easy one because of the challenges and difficulties that were thrown to us. Some fell while some got tripped in the process. Some got hurt so bad that they ended up getting bruised. Nonetheless, all these trials did not stop us from our desire to reach our goals. Instead, our bond just became stronger as we reach the finish line holding each other's' arms--united as one family.

Though we have to say goodbye to Junior High School, let us not forget the many lessons and challenges that we were able to overcome and most especially, the happy memories that we have built. As we bid goodbye to Junior High School, let us prepare ourselves to another challenging part of our academic life, the Senior High School.

Senior High School, WE ARE SO READY FOR YOU! Each of us is a piece of a jigsaw puzzle. Each one is different from one another but when put together, we are a masterpiece! This is our class; this is the PRE-MEDICINE CLASS.

Sincerely yours,

Aira Chryztel Ignacio

President

and

Sherry Anne Maldo

Vice President

[10-13]

PRE-ENGINEERING

ST. ODO OF CLUNY

MESSAGE FROM **MRS. JO ANNE RAE MACARANDAN**

The 10-13, Pre-Engineering Class is a collection of different individuals with different talents and characteristics. This class consists of musicians, artists and athletes. Some are talkative and there are others who seldom speak. They love to sing and dance. They love it when everyone is happy but most of the time, they just dwell on their own private lives individually.

Most of the teachers would say that they are too quiet and that even in discussions they are having a hard time to get opinions. But everyone knows how academically at par they are with the rest of the batch. This is X-thirteen, they may be a bit reserved but once they put their minds into the work at hand they can overcome obstacles and be the best of what they can be.

It is hard to begin if it's already the end.

As much as I want to get all cheesy with you, I honestly can't find the right words. I just want to let you know how proud I am of all your accomplishments. I know that each of you worked really hard to finally finish your Junior High School requirements. We may have had more drama than what we all expected all throughout the year but I hope all those have left a positive mark on you. Hopefully, the words of encouragement (or discouragement), all my good words (and not so good ones), my praises (and sarcasms) that challenged you to overcome obstacles and be better versions of yourselves everyday.

I love you guys... and I'm proud of you. It might not that evident to you... but I really did care so much about you. My sermons, however redundant they were, were uttered to make you realize how much potential you all have. I hope that my mantra, a line from one of my favorite songs, "Kung ayaw, may dahilan, kung gusto, palaging mayroong paraan" will somehow be your mantra also in the future.

Now that it's the end... I can only say too much. But it's still up to you to show the world what you really got. Mistakes have been made, sorry's have been said, learn from them and then leave them all in the past. As for me... I'll be waiting for you... I'll be waiting for you to come back... and show me and the whole Bedan community how your future unfold.

Nevertheless, I'm sure you'll all be one of the bests.

"Tulad ng mundong hindi tumitigil sa pag-ikot, pag-ibig di mapapagod, tulad ng ilog na hindi tumitigil sa pag-agos, pag-ibig di matatapos..."

Until then, my dear 10-13, the Pre-Engineering Class AY 2017-2018, this is your adviser,

Mrs. Jo Anne Rae G. Macarandan, signing off.

MESSAGE FROM THE CLASS PRESIDENT & VICE PRESIDENT

10-13,

How fast time flies? Remember the first day of classes—when we were all just people whom we recognize by face but could barely care for each other? Look at us now—a family that together, accomplished a challenge far greater than we expected, and is now ready to enter a new one. Looking back at all those hours of lecture and school work, all those busy days and sleepless nights, weeks of working ourselves into the ground, which we may consider as an adventure of a lifetime, we can't neglect the things we've picked along the way. All the memories that we've formed with each other are our treasures to keep for life.

I bet you'd remember our first win as a

class—during Integration when we won “Best Integrating Class” for Grade 10. What about the IAC, or Recognition days, or even what most refers to as the pinnacle of grade 10, our Research Congress? Remember how we couldn't even care less for ourselves, as long as someone from our class was called on stage. That really showed us how it was to be part of a family that cared for each other. Or even the days when we were preparing for our stage plays: Rhodopis and El Filibusterismo? Do you remember the struggle and fight we had to put up just to perform well? Indeed, it was hard, but it taught us to push through no matter what. How about the times when we had our Christmas Party, SAP, and Retreat? Do you remember how much

we've bonded and really appreciated the company of each other? All those good times wouldn't be what they are without each and every one of us.

Our class had all fun and laughter, but there are times that there weren't much. We've had our fair share of moments where we didn't really understand each other, or we failed to work as a class, or even let each other down. These things might not seem something we'd like to remember, though believe it or not, these actually strengthened our relationship with each other. We may have shortcomings, but we figured out a way to let our love for each other rule because deep down, we really do care for each other.

Now that it had led us to this day, we will be parting ways and might not even see each other again, but we have these memories to fill us. We have these memories to see how much we've grown. We have these memories to tell us the wonderful story of our family 10-13. It was the best times we've had since. It was fun while it lasted. Thank you for everything guys, now onto the next chapter of our lives!

Sincerely,

Miguel Aquino

President
and

Miguel Bernardo

Vice President

10-14 PRE-ENGINEERING

S T . B O N I F A C E

MESSAGE FROM MS. JULIE POSO

**Describe
10-14 in
ONE WORD:
GLEEFUL**

The journey we have traveled may be a tedious and difficult one but we finally reached the finish line. So, allow me to take pride in your accomplishment for being a Grade 10 student is a serious undertaking. I have seen your struggles and persistence but on top of those, I saw your gleeful nature for no matter how difficult it was, you still managed to smile, enjoy, and carry on.

As you advance to Grade 11, it is my hope for you to bring the skills and knowledge you have acquired in your junior years as these would definitely aid you through life. Also, never cease to keep moving forward as life is a never ending process of learning. Despite everything that we have been through, please do believe that I am praying for your welfare and success in life. We may part ways for now, but I believe that our paths will weave again and on that certain day, I am sure that I would be very proud of what you have become.

With love,

Julie Ann C. Poso
Adviser, 10-14 St. Boniface

MESSAGE FROM THE CLASS *PRESIDENT AND VICE PRESIDENT*

The last year of Junior High School is said to be the most memorable one. Some might say this is true while some might disagree. However, I must say that this year is indeed memorable to us because of the laughter and silly moments we've had together, as well as the tears and bigger problems we've faced.

Our section is filled with students of completely different qualities. Although with this difference, all of us learned how to adjust to new situations. To think that at the beginning of the school year, most of us were strangers, it is truly a blessing to see how far we've come. None of us expected to be this close to each other. Lectures from teachers are a daily routine and not being able to receive academic and department banners isn't that big of a deal. However, it is during these times that we learned that moments are more important. We learned to always be there for each other--and to trust one another.

We weren't known for being excellent in academics, but we excelled in showing our potential and talent during the research congress. We became a family that pushed each other's tempers but also our ability to keep going despite every negativity thrown at us. Grade 10 has been filled with moments of great happiness and pain. We smile together; we cry together. We fall and we break but we have each other to build us back and become stronger.

To all of our classmates, we may not be the best, but we will always be the happiest. No one can describe the feeling whenever we are together. We all started as strangers and ended up as a family. Some people may judge us, but we proved them wrong. Banners and trophies can't tell who we are as a family inside the classroom. All the sleepless nights are worth it.

Now, another chapter of a book has finally ended, As all of you turn the next page, I hope you will always remember all the moments that we shared.

Love,
Mikhaela Therese Tuliao
President
and
Angel Sam Raymundo
Vice President

10-15

ST. ANSELM
of
CANTERBURY

PRE-ENGINEERING

Message from

MS. SALLY ALIPIO

Dear 10-15,

Congratulations! You made it! Days went really very fast. It only seems like yesterday that we started learning about each other and here you are now, preparing for Grade 11. I might not admit it in person but a part of me gets a bit emotional because I have to say goodbye to all of you, but I assure you that the memories that we have shared will stay along with me for the rest of my life.

Thank you for allowing me to be part of your life. Thank you for making me smile and making me cry. Thank you for testing my patience and teaching me courage. Believe it or not, I can't

thank you enough for teaching me a lot of life lessons that I have only learned when I became an adviser.

I am sorry for being a "nagger" type of adviser. It is my only way of constantly reminding you the things that you should and should not do. I am sorry if there were times that I was too tired to ask if all of you were doing fine. Also, I am sorry that there were a lot of times that I got frustrated and even lost my patience over little things.

I will surely miss the funny things you said that cracked me up. I will miss the moments when I did not know what to feel

was it to be mad or happy over your jokes especially when I was at the height of my anger.

Few years from now, you will bid goodbye to Senior High School and say hello to the bitter sweet reality of life in college and then, work. I am so excited to see all of you succeed but wherever life takes you, always remember to enjoy every moment, be it good or bad, for it is always the experience that counts. Enjoy the time you have and make the most of everything.

For now, it's time to say goodbye. I promise I won't for-

get you and I hope that you would also do the same for me. I can't emphasize how much joy it brings to us, teachers, to have a student come back just to say hi because you will forever be a part of our story.

Yours truly,

Ms. Sally G. Alipio
Adviser, 10-15

Message from THE CLASS PRESIDENT AND VICE PRESIDENT

10-15,

**“Anong
ginagawa mo?”
“OMSIM!!!”**

These are just two of the most iconic and often heard lines in our section, 10-15 Saint Anselm of Canterbury. We started out the school year very quiet and subtle. It may be because we didn't know each other well yet, but eventually, as weeks passed, we got familiarized and comfortable with each other and that's when the legit fun and memorable moments, or as we can call it “Beautiful Chaos”, started to happen.

From our first play presentation as a class, to the preparation for the annual Integra-

tion, the showcasing of our creativity and practical and technical skills through our saint corner, the Mr. and Ms. United Nations 2017 where our contestants were declared as the overall winners, the well-anticipated Intramurals Athletic Competition, where even though we were at the last place and there were a lot of disappointments, we managed to have fun and manifest sportsmanship and camaraderie, our meaningful and insightful SAP and retreat, to our collective, extensive and exhausting preparation for the Research Congress and final revisions of our papers, polishing of our scale models and the presentation and defense itself. More importantly, however,

time flies so fast that in ten months, we had a lot of memories and experiences together with our hardworking, understanding and very approachable adviser, Miss Sally G. Alipio.

To tell you honestly, 10-15, we still don't know most of you well, but that does not mean we will forget what we've been through in a span of ten months. We may have lots of major conflicts and minor disagreements, but we've had more blissful moments together. As your class president and vice president, we may also have numerous lapses and shortcomings. Although, we're sincerely thankful to you guys, for giving us the chance to interact with you and

the opportunity to lead and serve you.

Congratulations to all of us for a successful school year! We would also like to express our sincerest gratitude for God's given opportunity to be part of our class. No matter what happens, we'd still choose you over other classes. Again, thank you guys! This year is one for the books. Good luck in our Senior High School and College years. May God continue to bless us all!

Sincerely,

Jan Virgil Tabije
President
and
Andreana Valderama
Vice President

PRE-HUMANITIES

10 - 16 ST. BEDE

MENSAHE MULA KAY

Gng. Jo-Ann Morales

*“Sa una, marahil maitatanong kung bakit ginagawa ang isang bagay.
Kalaunan pagtatakhan naman kung paano ito nagawa.”*

Apatnapung natatanging mag-aaral ang itinadhanang mapabilang sa klase ng mga Humanista. Mga kabataang nagpamalas nang natatanging kahusayan sa iba't ibang larangan. Isa-isahin man ang hindi malilimutang pagsasamahan ay karanasan at alaala na lamang ang makapagsasabi. Magsisilbing piping saksi ang mga lunang napatakan ng luha ng kagalakan at natatakan ng lamat ng karangalan. Hindi mabilang na tagumpay ang magkakatuwang ninyong napagtagumpayan dahil sa kayo'y nagsikhay. Tuwing masasambit ang “time check” tumitimo ang salitang sakripisyo. Sa mga hindi matatawarang dedikasyong inyong inialay at ibinigay ay tunay na naging ganap ang kabuuan ng ating pangkat. Marahil ay hindi sasapat ang apatnapu't dalawang dahilan upang ipadama ang aking tunay na paghanga sa bawat isang bumubuo sa 10-16. St. Bede the Venerable.

At ito na nga ang araw ng ating huling pagsasama-sama. Inaamin kong hindi mapigilan ang pagtulo nitong mga luha habang isinusulat ang mensaheng ito. Naging napakabilis ng mga oras...tama nga silang hindi mo ito mararamdaman kung maligaya ka sa iyong mga ginagawa. Sa palagay ko ay totoo ito. Isa itong taong “pambihira” para sa ating lahat. Nabuhay tayo at natutong talaga. Sabay-sabay nating binuo ang lahat ng uri ng alaala, mga hindi matatawarang karanasan. Ginawa ninyong mundo ang dapat ay silid-aralan lamang, na tunay na naging makapangyarihan at nakapagbibigay ng inspirasyon sa bawat isa sa atin. Sa bawat ginawa kong pagsubaybay sa inyo napatunayan kong wala kayong hindi gagawin para iangat ang klase. Lahat kayo ay nag-alay ng puso, pusong nailipat n'yo sa akin upang ipagmalaki kayo saanman ako makarating. Maraming salamat sa pagbubukas at pagtanggap na maging bahagi ng inyong mga buhay at pasasalamat sa paghikayat na pagbutihin pa itong aking bokasyon – ang pagtuturo. Nang dahil sa inyo ay lalo kong mas minamahal ang pagtuturo. Marahil malilimot ko ang inyong mga pangalan sa paglipas ng panahon, subalit hindi mangyayaring makaligta kayo ng aking puso.

Hangad ko ang lalong ikatatagumpay ninyo sa buhay mga Humanistang handang ipaglaban at igalang ang moral at dangal ng kanilang kapwa. Magpatuloy ka at laging magpatuloy!

Message from the class PRESIDENT AND VICE PRESIDENT

We can still vividly remember our very first week at school as Grade 10 students. We were so enthralled about the activities and memories to come. Truly, time flies so fast, and now, the time is near where our dreams and aspirations be achieved. This year has been very tough for all of us, a roller coaster ride it may seem. As the 'busiest class' in the Junior High School unit, there were a lot of ups and downs which tested our relationship together as a class. We will forever cherish those memories that strengthened our bond not only as a class but as a family, leaving our legacy for the Church, the Philippine Society, and the World. True Bedans as we are, we offer our successes for San Beda, our country, and God.

We, your president and vice president, would like to leave a message for all of you with the words from JK Rowling in one of her books, "It is our choices that show what we truly are far more than our abilities." Let our defeats not bring us down but enrage the flame inside our hearts. Let our successes continue to inspire us to bring the change we see in this world. Let this serve as a challenge to all of our dearest classmates, fellow Bedans, and the youth of our

nation, that our lives may be used not only for us to succeed but through us, others may succeed and be empowered.

This is not the beginning of the end but rather, the end of the beginning. This is the start of our journey to our mission of hope, change, and peace for our children, our children's children, and our nation.

Our journey together may have ended but the faith still lives on, forever. It is our greatest honor and privilege to serve you with our lives. There are Stephen Matthew S. Roan, your president, and Ethan Richard F. Lee, your vice president, now signing off.

*That in all things God may
be glorified!*

Stephen Matthew Roan,
President
Ethan Richard Lee,
Vice President

MESSAGES FROM THE HEART

CHALLENGE!

To my favorite and only Grade 10 class, 10-14 St. Boniface, I may be your Science teacher for just the last 2 quarters but I appreciate our time together. Always remember that "aim to reach the stars so that when you fall, you fall on the clouds".

Mr. Lance Mendoza

Remember, this is not the finish line, this is just a beginning of a brand new journey as a matured individual with a more matured role. I am confident that you will continue with even more successes. Saludo ako sa inyo!

POWER!

SUPERB!

Ms. Kamille Del Rosario

Congratulations Grade 10 completers Batch 2017-2018! This year has been very tough but all of you still stood up & did your best! Believe in yourself & remember that God is always there for you.

Mr. Cedric Fernandez

Congratulations! I witnessed how much effort you put to successfully be where you are now. I can't help but to feel so proud! Best wishes for you on your graduation!

EAGER!

ACHIEVERS!

Mrs. Barbara Yanga

Congratulations Grade 10 -11 St. Bernard of Clairvaux (Pre-Business Class) for your success in completing Junior High School. May our God bless all of you for the new avenue in achieving your dreams.

Mr. Ryan Betito

Remember my dear students, at the end of the day people will not measure us by the awards and honors we receive. They will value us because of our personality and genuine humility.

RANDOM!

WAGGISH!

Mr. Kevin Maicom

It was a joy imparting to you my knowledge in music. Always remember to listen to the RHYTHM of your heart, create your own MELODY, have a good HARMONY with other people, and be the INSTRUMENT of God.

Mr. Enrique Martin

You may depart these halls, but never my heart. Thank you for all the learning experiences you shared with me. Know that I am always rooting for your success.

Mrs. Leah Gilda Aducal

CHILL!

RESILIENT!

Mr. Michael Czar Zapanta

May the Lord guide, support, bless and love you all to the path you will choose for your career! Break a leg, love you all! Especially to the Pre-Engineering class!

Keep on roaring Bedans. May you continue loving our God, your parents, neighbors and community. Achievement without humility is nothing, and nothing is impossible with God.

Mr. Johnwell Evanchez

PROSPECTIVE!

CHEERFUL!

Mr. Mark Ian Magallano

Maintain your grit. Challenge your wit. Be somebody.

Passion and Prejudice govern the world; only under the name of Reason - John Wesley

Mr. Daniel De Guzman

EXTRAORDINARY!

PRISMATIC!

Mr. Franz Josef Buendia

Continue to be yourselves and be the change in our society. Never forget that people will continue to appreciate regardless of who you are.

Keep on roaring Bedans. May you continue loving our God, your parents, neighbors and community. Achievement without being humble is nothing, and nothing is impossible with God.

Mr. Joseph Companero

FUNDERE!

PERSISTENT!

Miss Ana Krisell Dorado

The batch composed of sober minded and free spirited individuals. They were quite challenging to handle but at the end of the day I'll remember their genuineness. Congratulations and Godspeed!
